Dear CANS Candidate:

Thank you for your interest in becoming a Certified Aesthetic Nurse Specialist (CANS).

This brochure contains the application for the certification examination of the Plastic Surgical Nursing Certification Board, Inc. (PSNCB). The PSNCB is comprised of registered nurses with content expertise in plastic surgical nursing. The Board collaborates with the Center for Nursing Education and Testing (C-NET) in test development, test administration, and test evaluation.

The PSNCB was established in 1989 for the purpose of promoting the highest standards of plastic surgical nursing practice through the development, implementation, coordination, and evaluation of all aspects of the certification and recertification processes.

The PSNCB believes that attainment of a common knowledge base, utilization of the nursing process, and a high level of skill in the practice setting are required for proficient practice in the specialty of plastic and reconstructive surgical nursing. Certification provides professional recognition for these achievements. The Board recognizes the value of education, administration, research, and clinical practice in fostering personal and professional growth.

Please be sure to read the enclosed information and complete the application form. If you have any questions regarding certification that are not answered in this brochure, contact C-NET at 800-463-0786.

Good luck on the exam!

Sincerely,

Lisa G. Griffin, RN, CPSN, OCN
President
ELIGIBILITY CRITERIA FOR CERTIFICATION

To be eligible to apply for certification, the candidate must:

1. Be currently licensed as a Registered Nurse in the United States, its territories or Canada, holding a current full and unrestricted license.
2. Have spent at least 1,000 practice hours within the core specialties during the last two (2) years.
3. Have a minimum of two (2) years of nursing experience as a registered nurse within the four Core Specialties in collaboration or in a practice with a physician that is board Certified within a core specialty. This can be in a general staff, administrative, teaching, or research capacity within three (3) years prior to application.
4. Be currently working in collaboration or in a practice with a physician that is Board Certified within one of the following specialties: Plastic/Aesthetic Surgery, Ophthalmology, Dermatology, or Facial Plastic Surgery (ENT).
5. Have your supervising core physician, who holds a current full and unrestricted license, endorse your application.

CERTIFICATION APPLICATION INSTRUCTIONS

1. Complete all sections of the application. Be sure to include your Social Security number since it will serve as your identification number for the certification files.
2. Print or type all information except your signature.
3. Ensure the physician you work with has endorsed your application.
4. Attach to the application a photocopy of your current RN license and, if applicable, a photocopy of your current ISPLAN membership card. This can be found in the members only area of the ISPLAN website.
5. Mail the application form with attachments and your check/money order payable to C-NET to:

   E-mail: info@cnetnurse.com

The application will be considered incomplete if any of the requested information or the appropriate fee is not provided. Candidates will be informed of the measures to take to complete their applications. Examination permits are issued only to candidates with complete applications.

The complete application and appropriate fee must be received by C-NET no later than the deadline date specified on the test schedule. A two-week late submission window following the deadline will permit applications to arrive late; applications arriving in this two-week period are subject to a $25 late fee. Applications and fees received after the deadline may be applied to a certification examination scheduled during the next twelve (12) months.
Cancellations will be accepted until two weeks prior to the examination. Cancellations after that time will not be refunded and a rescheduling fee paid to C-NET will be required, but the application and fee may be applied to a certification examination scheduled during the next twelve (12) months only. The fee will not be applied to any exam after that 12 month period.

Substitution of candidates cannot be made and no such requests will be honored. The Plastic Surgical Nursing Certification Board reserves the right to verify the employment and licensure status of any applicant.

**APPLICATION FEES**

**CERTIFICATION EXAMINATION FEE**
$295 for ISPAN members*†
$395 for non-members†

**OTHER FEES**
A $25 nonrefundable application fee
A $100 late application fee
A $20 fee is charged for returned checks.
A $10 fee is charged for the reissuance of certification certificate 60 days after initial issuance.

*Membership in the International Society of Plastic and Aesthetic Nurses (ISPAN) must be current through the date of the examination to be eligible for the reduced fee.
†Please note that $25 of the exam fee is non-refundable should an application be withdrawn in accordance with PSNCB policy

**RE-EXAMINATION FEE**
A candidate who does not pass the examination has one year in which to re-take the examination at a reduced fee. The fee is $100 for ISPAN members and $150 for nonmembers.

A candidate who does not pass the second examination is considered to have failed. Any repeat examination will require completion of a new application and payment of the full examination fee.

**EXAMINATION PERMIT**

Pending the completion of your application, you will receive an examination permit approximately two weeks before the test date. The permit will include the test date, test center address, and the time you should report to the test center. You will not be admitted to the examination without the permit.

If you do not receive your examination permit two weeks prior to the examination date, please notify C-NET at 800-463-0786. If you lose your permit, notify C-NET immediately. Exam managers are instructed to admit only those candidates who are listed on the attendance roster for the test center and who have examination permits or special authorization.

**NOTIFICATION OF EXAMINATION SCORES**
Candidates will be notified of their scores approximately four – six (4-6) weeks after test administration. C-NET will forward all examination scores to the candidate as follows:

1. A total score will be provided for candidates who successfully pass the examination.
2. A total score and sub scores in all the major test areas of concentration will be provided for candidates who do not pass the examination.

Certification is awarded to those who successfully complete the certification process by meeting the eligibility criteria and passing a written multiple-choice examination. The designated credential is Certified Aesthetic Nurse Specialist (CANS). This credential (CANS) may be used in all correspondence or professional activities.

Certification is valid for a period of three (3) years. Recertification is available by examination or by continuing education. Certified Aesthetic Nurse Specialists receive access to their online recertification application portal via their password protected Members Only Page of the PSNCB website 30 days after passing their certification examination.

To ensure the security of the examination, the test materials are confidential and will not be released to any person or agency. A candidate's individual test results will be released only upon the candidate's written request.

A candidate who has been deferred, failed, or had their certification revoked has the right of appeal. The PSNCB Appeals Policy and Procedure is publicly available on the PSNCB website psncb.org and can be found on the Get Certified page for the CANS Examination.

The Certified Aesthetics Nurse Specialist (CANS) Examination is designed to help ensure the safety of individuals undergoing nonsurgical aesthetic procedures by measuring the registered nurse's knowledge and ability to:

1. Plan and administer nonsurgical aesthetic procedures, which include (a) aesthetic injectables, (b) laser, light, and energy-based therapies, and (c) clinical skin care.
2. Assess and monitor the physical and psychological status of patients before, during, and after procedures.
3. Select appropriate strategies to meet the educational, health promotion, and psycho-sociocultural needs of patients.
4. Coordinate care to ensure safe, efficient delivery of high-quality care, in collaboration with other healthcare providers.
The certification examination consists of approximately 150 multiple-choice items written to measure attainment of the above objectives. The questions are designed to measure proficiency in non-surgical aesthetic procedures and are written within the framework of the nursing process. Approximately four (4) hours are given to complete the examination.

The breakdown of the test items by content area is given below:
